

# Summer Camp

The Stepping Stones' Summer Camp.

## A great escape for your kids!

(Age group: 3-7 years)

The hottest spot this summer is the Summer Camp at Stepping Stones International School, Koramangala. We have planned some of the best activities which will give your kids a great learning experience coupled with great fun.

This camp is brought to you by Stepping Stones International School a new generation, one-of-a-kind school located at Koramangala. A school which lays emphasis not just on academic interests, but also the overall development of your child's personality.

The camp will be conducted by Mrs. Seetha Krishnaraj, who has extensive teaching experience at a prestigious school in the United States.

### The camp activities:

To encourage children to celebrate their childhood through a variety of activities that sparks their imagination and creativity.

- Three hours of non-stop fun everyday with imaginative play, movement exploration and creative craft work.
- Sponge art, bead art, clay art, coloring, painting, paper craft are just a few of the art projects your child will enjoy.
- Your young chefs will learn to make and devour treats that are healthy and fun to make.
- Rhythmic music to help them learn movements and learn useful concepts. Also story telling sessions, magic shows, face painting etc, to add to the fun.
- Unforgettable theme days such as planting day, sharing day, picnic day to make your child involve, remember and talk about for a long time.
- Special guests from various walks of life will address the children and bring awareness.

# Brain Quest

## An 'English Summer' for Kids

Age group: 5-8 years

Brain Quest is a summer program for language development, designed specially to enhance your child's literacy skills in English. This program is brought to you by Stepping Stones International School a new generation, one-of-a-kind school located in Koramangala. The school lays emphasis not just on academic interests, but also the overall development of your child's personality.

The program is based on the recommendations and research findings by the US Dept. of Education and is conducted by

Mrs. Seetha Krishnaraj, who has had extensive teaching experience at a prestigious school in the United States.

You will be rest assured that the program will work wonders on your child's English language skills.

At Stepping Stones International School, every child becomes unique and our teaching revolves around the set sets which we identify as best beneficial to the progress of the child, evolving a step by step process of growth and learning for each of them.

'Learning by design' - not by default, is our formula and we believe that this could be the stepping stone towards your child's bright future.

If you have a child who is 5 years old and ready for pre-school, its time you take your first step towards Stepping Stones International School.

Pre-school program starts in June 2002.  
Hurry! Call 2931898 for information.

### How the program works:

- The program helps your child to read, write, think and speak in English with better clarity and precision.
- It inspires your child to think independently and express his/her views during active classroom discussions.
- Your child will be encouraged to work well as a group during team activities, fostering better social skills.
- Your child will learn to enhance English language abilities through a host of computer CDs and softwares.
- Brain Quest program is for kids who are from an English medium school and are able to easily follow instructions in English. The program will be held in 2 sessions. You can choose the time most suitable for you and your child.
